Dear [REDACTED]

Thank you for your letter to Mr Ferguson of 20 January 2018, which he has asked me to reply to on his behalf.

Mr Ferguson has set out in his letter of 9 January 2018, the sort of evidence that would be relevant, having regard to the elements of the offence of misconduct in public office and has confirmed that the Crown Prosecution Service (CPS) has not been contacted by the police in this matter.

Whilst Mr Ferguson notes the additional points that you have raised, in view of the position set out in his previous letter, he does not propose to correspond further in respect of the additional aspects you have written about.

I hope that this clarifies the position and I am sorry that we are unable to assist further.

Yours sincerely
